

EDUCATION

2024 - 2026	MSc Physics at Chalmers University of Technology <i>Focus on computational physics, astronomy and quantum physics/computing.</i> Master's Thesis: <i>Towards Heat-Bath Algorithmic Cooling in a Superconducting Circuit</i>	GPA: 5.0/5.0
2025	Exchange Semester at Nanyang Technological University , Singapore <i>QS World University Ranking 12. Advanced topics in physics, business, and engineering.</i> <i>Awarded 3 scholarships totalling more than 5 000 \$.</i>	
2023	60 ECTS Business and Economics at University of Gothenburg	
2020 - 2023	BSc Engineering Physics at Chalmers University of Technology Bachelor's Thesis: <i>Gibbs objective function for modification of the optimization process in a hybrid quantum algorithm</i>	GPA: 4.3/5.0

WORK EXPERIENCE

ⁱ References available.

Research Assistant @ Chalmers University of Technology	Aug 2026 - Today
– Experimental research on superconducting circuits for quantum computing.	
Exchange Ambassador @ Chalmers University of Technology ⁱ	Sep 2025 - Jun 2026
– Inspired students to study abroad by sharing my experiences, insights, and organizing events.	
Summer Internship within Emerging Compute @ Ericsson ⁱ	Jun 2025 - Aug 2025
– Investigated the potential of quantum computing to solve problems in telecom.	
– Contributed to cutting-edge research, R&D strategy discussions, and worked in cross-functional teams.	
Research Technician @ GKN Aerospace ⁱ	Sep 2023 - May 2024
– Optimized MATLAB and Python tools, improving processing time and engineering decision-making.	
– Developed a Python package to automate QA, cutting preparation time and improving consistency.	
Summer Internship in the GTC-department @ GKN Aerospace ⁱ	Jun 2023 - Aug 2023
– Automated data analysis and developed a tool for stress calculations on CAD models using Python.	
Part-time Consultant @ Nordisk rörmärkning AB ⁱ	Apr 2021 - Nov 2023
– Designed Excel/VBA tools to automate and simplify customer orders, minimizing efforts and errors.	

QUALIFICATIONS

Programming and Software Knowledge

Languages

 Highly Proficient: Python, Excel, PowerPoint, Git/GitHub	Swedish (Native)
 Proficient: MATLAB, L ^A T _E X, Linux, Azure	English (C2)
 Basic: C/C++, HTML, YAML, ANSYS, Visual Basic, LabVIEW	Spanish (A1)

EXTRACURRICULAR ACTIVITIES

2022	Qualified for Mensa Sweden
2020	Intize mentor for high-school students in math and physics

ADDITIONAL INFORMATION

Scholarships: Anna Whitlocks Minnesfond, Doktor Felix Neuberghs Stiftelse, Stiftelsen AAA.
Interests: Personal projects in finance and programming, music, food, skiing, sports, fitness, traveling.
