

Employment Certificate for the role as Exchange Ambassador

To whom it may concern

It is hereby certified that **Oscar Stommendal** (born 2001-07-19) has worked as an Exchange Ambassador at Chalmers International Mobility (CIM), Student and Education Office, during the period 2025-10-30 – 2026-06-08.

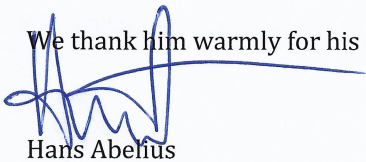

During this time, Oscar has played an important role in promoting internationalisation in the undergraduate education at Chalmers. By sharing his own experiences from studying abroad, he has inspired other students to take advantage of the exchange opportunities offered at Chalmers. He has given inspirational presentations in classes and participated in larger information and inspirational events during the academic year, such as the Study Abroad Fair, Master's Fair and Chalmers Day.

Oscar has also been involved in organizing application workshops during the application rounds, where he has given support and advice to students planning to study abroad. This has helped more students gain access to valuable guidance from someone with first-hand experience of the process, which has been greatly appreciated by the students applying for exchange.

In addition, Oscar has contributed with constructive feedback and ideas on how Chalmers International Mobility can improve its work with exchange studies, which has provided valuable insights from a student perspective.

Oscar has been part of a dedicated group of exchange ambassadors during the academic year 2025/26, and has in this context shown great commitment, responsibility, initiative and good collaboration skills in his role.

We thank him warmly for his contribution and wish him every success in the future.

Hans Abenius

Head of Division at Student and Education Office
